

∞ Our production ∞

Our farm extends on a slope of **12 acres**, where we cultivate **without the use of chemicals** fruit, vegetables, arborescents and aromatic herbs. Our cultivations are being monitored by the **organic certification association DIO** for meeting the organic farming standards.

AUTUMN – WINTER PERIOD

Greens: **lettuce, rocket, variety of cabbages, mustard greens**

Vegetables: **broccoli, cauliflower, beetroot**

Quinces

Walnuts

Giant beans

Potatoes

SPRING – SUMMER PERIOD

Strawberries

Cherries

Sour cherries

Variety of **tomatoes** and **summer vegetables**

Aromatic plants & herbs with an emphasis on **Olympus mountain tea** and **oregano**

Rosa damascena variety **roses**

Part of our farm's produce is processed so as to cover the needs of our kitchen and our homemade breakfast. We exclusively prepare our own **marmalades, sweet preserves, pickled vegetables, tomato sauce** and we desiccate our gardens' **herbs** for use during the winter.

Our farm's chickens supply us with **fresh eggs** all year round.
